RASADARI RANASINGHE

SUSTAINABILITY & ESG | ESG DATA | REPORTING & KPI ANALYSIS

Toronto, ON | rasadariravihari@gmail.com | (647) 510-9744 | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Environmental Sciences graduate with First-Class Honours and first-author peer-reviewed research in Urban Ecosystems (Springer), experienced in environmental analysis, sustainability research, GIS and remote sensing. Supports ESG and sustainability research by organizing source documentation, validating sustainability data, and maintaining reporting trackers and deliverables. Skilled in Excel, Tableau, Python (Pandas) and SQL for data cleaning, quality checks, KPI and trend analysis, and clear reporting. Practical exposure to carbon-emissions baselines, CDP data checks, Scope 3 reduction options and Net Zero recommendations through the BCG Climate & Sustainability Job Simulation.

CORE SKILLS

ESG & Sustainability: ESG and sustainability research, sustainability data management support, sustainability reporting support, environmental analysis, Sustainable Development Goals (SDGs), carbon-emissions analysis, Scope 3 emissions, Net Zero strategies, CDP data review

Data & Reporting: KPI analysis and tracking, trend analysis, data cleaning and standardization, data validation, data quality assurance, dashboard development, data visualization

Technical: Microsoft Excel, Tableau, Python (Pandas), SQL, ArcGIS, Google Earth Pro, SPSS, Microsoft Office, Google Workspace, Salesforce

EXPERIENCE

ESG Coordinator, Vosyn Inc., Toronto, ON | May 2026 - Present

- Support ESG and sustainability research and reporting workflows by organizing source information, maintaining documentation and trackers, and preparing materials for internal review.
- Collect, structure and validate sustainability-related information; check records and supporting sources for accuracy, consistency and completeness, and flag information requiring clarification.
- Research sustainability topics and the United Nations Sustainable Development Goals (SDGs), then organize findings into clear summaries for internal stakeholders.
- Coordinate documentation, task timelines and deliverables across assignments; maintain orderly records and communicate progress and follow-up needs to team members.

Teaching Assistant / MSc Program Coordinator, University of Colombo, Sri Lanka | Aug 2022 - Aug 2023

- Supported environmental science and analytical-methods learning for 200+ students, including lab and practical sessions using ArcGIS, SPSS and Minitab.
- Assisted students with lectures, examinations, assignments and field visits; prepared academic materials explaining technical information clearly to students and faculty.

PUBLICATIONS & RESEARCH

- **First author and corresponding author (2025):** "Land Use and Land Cover Transformation in Urban Wetlands in Colombo District, Sri Lanka," Urban Ecosystems 28, 242 (Springer).

Analyzed three urban wetlands over 2001-2021 using multi-temporal Landsat imagery and GIS; found declining vegetation and paddy fields with expanding built-up areas.

- **Published abstract (2023):** "Wetland Degradation and Ecosystem Services in Colombo District," 27th International Forestry and Environment Symposium.
- **Published abstract (2022):** "Land Use Transformation and Ecosystem Services in Thalangama," Postgraduate Institute of Science Research Congress, Abstract No. 214.
- **Corporate Sustainability Reporting Project, University of Colombo:** prepared an academic sustainability report after engaging with a textile company and reviewing its previous sustainability reports; examined reporting practices and indicators using GRI-related concepts and presented findings.
- **Methods:** Landsat TM/ETM+ imagery, ArcGIS, Google Earth Pro, statistical analysis, questionnaires, interviews and expert discussions.

SUSTAINABILITY TRAINING

BCG Climate & Sustainability Job Simulation, Forage | March 2026

- Used Excel to calculate carbon-emissions baselines and checked data against CDP information for accuracy.
- Compared carbon-reduction initiatives, including Scope 3 options, and developed recommendations aligned with Net Zero objectives; prepared client-facing communications and a presentation, including responses to investor concerns.

EDUCATION & RECOGNITION

- B.Sc. (Honours), Environmental Sciences, First-Class Honours, GPA 3.77/4.30, University of Colombo, 2018-2022
- Certificate in Data Analytics (A+), University of Toronto School of Continuing Studies, 2024
- Salesforce Agentforce Specialist, 2025
- YRES Volunteer Appreciation Award, 2026
